

**WE LIGHT  
UP YOUR  
WORLD**

[www.rimcled.com](http://www.rimcled.com)

## About Us

We are a German company specializing in high-quality lighting solutions. Our series is built on modern design, premium quality, and a versatile range of accessories—allowing each luminaire to be uniquely personalized to suit any space.

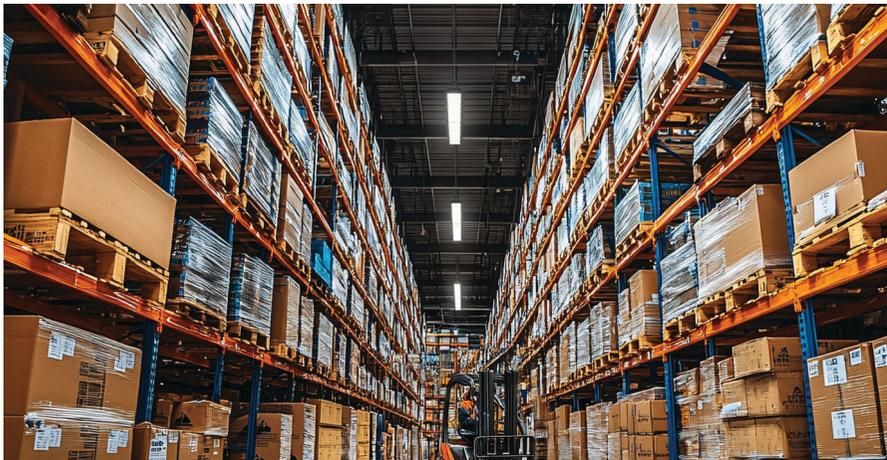

Our headquarters is proudly based in Germany, with a strategic branch in Dubai, allowing us to serve our global clients with excellence and innovation.

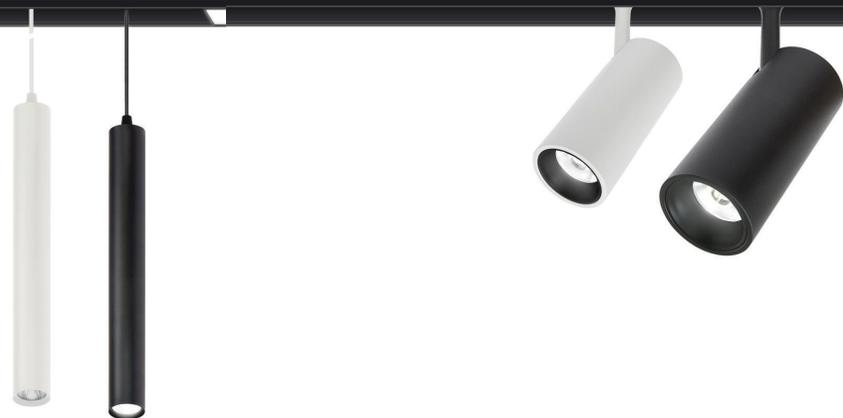

## Our Vision

We continuously expand our product portfolio by embracing new technologies and industry innovations, delivering efficient and sustainable lighting solutions designed to meet the evolving demands of modern projects.

## Logistics & Services

With strategically located warehouses in Germany, Poland, and Dubai, we deliver fast and efficient order fulfillment, consistently exceeding the expectations of our most demanding customers.

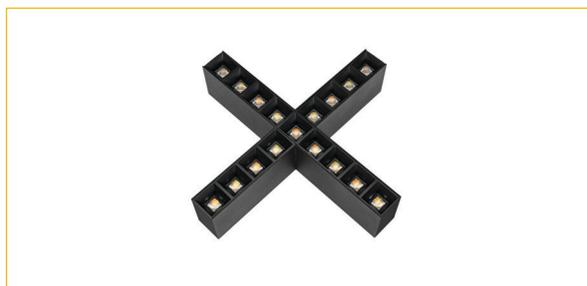

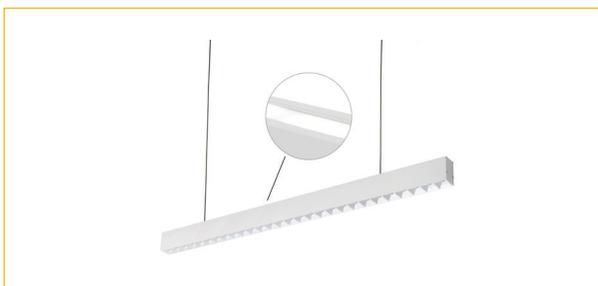

## Our 48V Click Track System

Our modern, minimalist lighting system features a sleek 48V track, providing complete flexibility in lamp placement. Designed for both style and functionality, it is already installed in numerous high-end projects across the UAE, particularly in luxury villas integrated with DALI automation systems. This system combines elegant design, cutting-edge technology, and the freedom to create bespoke lighting arrangements tailored to each space.

# Premium linear Light Fittings

Our series combines modern design, premium quality, and a wide range of accessories, allowing each luminaire to be uniquely customized to fit any space. These luminaires are particularly popular among our clients for premium commercial projects.

# Our Mission

Our mission is to combine German quality standards with fair and transparent pricing. We are committed to providing reliable, high-quality products while operating sustainably, transparently, and with a strong customer focus. Through continuous improvement and close collaboration, we create long-term value and trust.

# Our Ambition

Our vision is to be recognized as a trusted provider of premium lighting solutions and authentic German quality. Together with our customers, we aim to grow, drive innovation, and develop sustainable solutions that create lasting partnerships and long-term success.

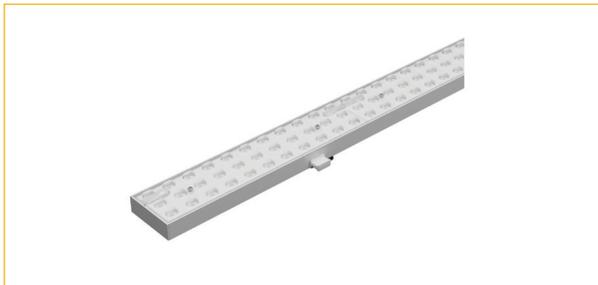

# Our Downlights

Our downlights are designed to meet the highest standards of quality and performance, suitable for both residential and commercial applications. Each luminaire can be customized according to our clients' specifications, allowing for unique designs, finishes, and features that perfectly match the vision of your project. Whether it's a cozy home setting or a large-scale commercial space, our downlights combine style, efficiency, and flexibility to illuminate any environment beautifully.

# Industrial Light Fittings

Beyond our premium residential lighting solutions, we offer cutting-edge industrial luminaires, including high-performance moisture-proof and high-bay lights. Engineered for maximum durability and efficiency, our lighting solutions ensure superior illumination for warehouses, factories, and demanding industrial environments.

# Your Trusted Lighting Partner

At RIMCLED, we provide end-to-end support for your lighting projects, ensuring a seamless experience from the initial concept to the final installation.

## Our Process:

**Consultation & Product Selection** – We help you choose the perfect lighting solutions tailored to your project's needs.

**DIALux Lighting Calculations** – Our experts provide professional lighting simulations to guarantee optimal performance and efficiency.

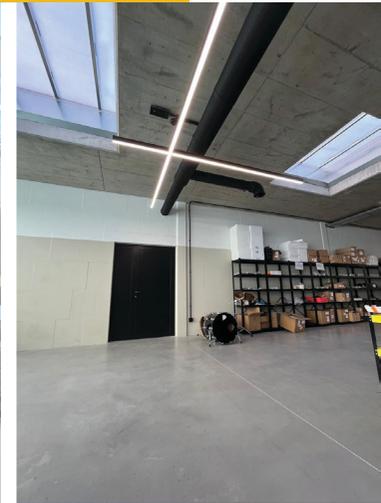

**Installation Support** – We guide you through the installation process, ensuring everything is set up perfectly.

**5-years-Warranty** – All lights are rigorously tested in our laboratory to ensure the highest quality and come with a 5-years warranty.

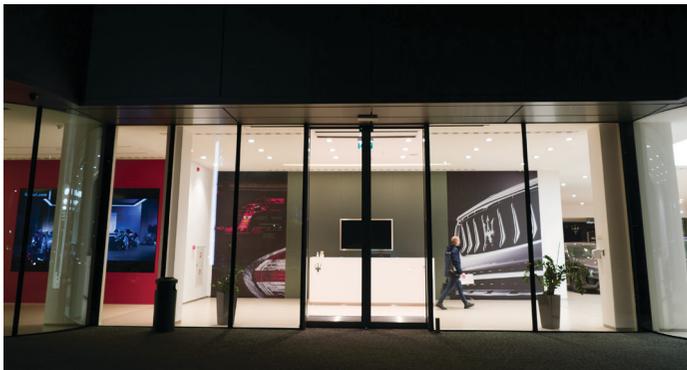

For projects in the UAE, we offer an on-site installation team to handle the entire setup, delivering a hassle-free experience.

With RIMCLED, you're not just purchasing lighting – you're gaining a trusted partner for your entire project.

# Projects

We generally do not execute projects directly. Instead, we supply our clients with customized lighting solutions designed specifically for their individual projects. Below are some examples of our clients' projects:
